2. Player Selection Processes

Appointment to a BCFC Youth League team is on the basis of a competitive selection process focused on talent identification, including previous achievement in a Club team and/or evidence of talent in selection trials

Appointment will be by formal letter and is subject to completion Section 17 - Acknowledgement and Declaration including payment of the relevant fee.

Continued selection is subject to ongoing compliance with BCFC policies, especially regarding conduct.

Selection trials are conducted during October and November each year.

Selection decisions by the Club are not subject to appeal.

3. Training, Playing and Learning

There are a number of opportunities presented to the Club Youth League players to develop as young adults and as players:

- 1. Team Level** – the player is provided three nights training per week and the opportunity for youth league game experience. Whilst the decision on game time is left to the Coach, it is Club policy that all players are given time on the field as much as possible, with development of the players the main focus for the Coach.
- 2. NPL Level** – the player has the opportunity to access one night of training with the senior teams, subject to approval by the Head of Football and First Grade Coach, and to participate in school holiday training programs.

The Club may also organise interstate and/or overseas game experience, with the fees and selection processes advised on each occasion.

Where parents wish to propose and organise additional team outings or events, they must submit their proposals through the Team Manager to the Club for approval. Club decisions in such matters are final and not subject to appeal.

8. Wet Weather Policy

Please note that the following Wet Weather Policy is applicable when Ashley Brown Reserve Park and the adjacent baseball pitch are listed as closed by Blacktown Council. This is a policy adopted in the operating model of the club.

BCFC will immediately contact the Manager of Lily's Football Centre (LFC) by email or phone to check availability of Lily's Football Stadium for training.

Charges for field hire are applicable to BCFC which is outside the arranged fixed fees agreement. Managers will notify their teams of the out of pocket expenses and collect money at training.

11. Coaches and Managers

A qualified coach, assistant coach and a manager will be appointed to each team.

Coaches and managers volunteer their time to the Club and both players and parents must understand they are not to make unreasonable demands on either person.

The team coach operates under the Club Youth League Technical Director.

Parents are to respect the coaches' decision. Where a parent has a concern about a coach's decision or behaviour that cannot be resolved at team level with the manager, then the matter should be referred in writing to the GM/Head of Football.

When a parent wishes to discuss a player's development needs, it should be communicated to the manager who will make arrangements for a suitable day and time to discuss the matter with the coach in the presence of the Technical Director.

Parents are not permitted to be involved in training sessions and have access to training areas only for drop-off and pick-up of players. The Club canteen and conference room are available to parents during training.

12. Game Day Decisions

The Coach is solely responsible for player selection and the length of game time for each player in any particular game.

In an exception where a player is requested to be available for a higher age game, whether to assist the team to take the field or for player development, the request must be agreed upon by the team and the parents.

13. Release from the Club

A player's appointment prevents another prospective player from taking a position at the Club and release from the Club is not considered lightly.

Players will be released from the Club in the following circumstances:

- When accepting a position offered in a higher level competition
- When participating in State and National representative programs in Football and/or Futsal
- Where an injury prevents the player completing a season
- Where the player's family is moving from the greater Sydney area

Players will **not** be released from the Club simply to transfer to another competing Club.

15. Injuries, Incidents and Complaints

Injuries experienced during games or training should be reported to the Club by the coach or if he is not aware of the injury by the player or parent within twenty-four (24) hours of the injury.

Injuries or ill-health experienced outside of training and games that may affect the player's performance or own fitness and health must be reported to the coach before the player next trains or plays.

Where a player or parent is involved in or witnesses an incident involving misconduct including by players, officials or supporters of another team and Club, a report should be made to the team manager or the GM/Head of Football within twenty-four (24) hours of the incident.

BCFC has a formal complaints process that has effect in matters involving the Club.
